

Surface Hub 2S 50"

Teamwork without boundaries

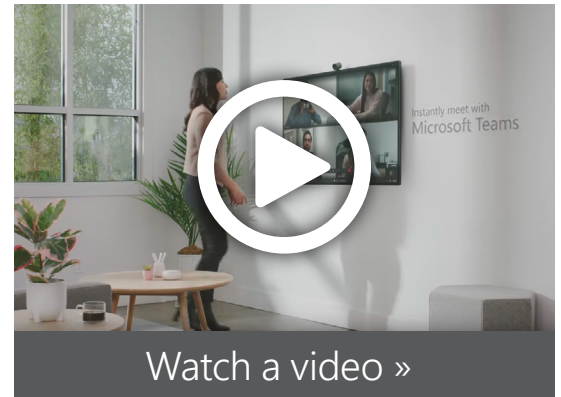

30 Seconds on the Surface Hub 2S:

Enable teamwork anywhere with new Surface Hub 2S, an all-in-one digital whiteboard, meetings platform, and collaborative computing device that brings the power of Windows 10 to teamwork.

What You Need to Know About Pitching the Surface Hub 2S:

- Make any place a teamwork space. The thin and sleek Surface Hub 2S integrates into any workspace. From classrooms to open space, students will go where ideas strike with the mobile stand and battery (sold separately).
- Bring remote teams together. Everyone is seen, heard, and can actively participate with 4K Surface Hub 2 Camera far-field microphones, crystal-clear speakers, and a brilliant, 4K+ resolution screen.
- Move beyond meetings and brainstorm together with Microsoft Whiteboard, and collaborate across devices. Project wirelessly to share content with Miracast, and sign in to access Office 365 files.

Key Positioning Tips:

- Business: Bring remote teams together with easier like-face-to-face conference calls. The Hub 2S allows students to brainstorm with their team in real time.
- Athletics: See play-by-play in a whole new perspective on this 55" screen. Take notes, Zoom, and do more than ever before on the Hub 2S.

Key Features:

- 61.6 lbs with 15mm bezels.
- 8th Gen Intel® Core™ i5 Quad-core processor.
- 4K+ resolution PixelSense™ Display.
- Surface Hub 2 Camera included. Surface Hub 2 Camera is a 4K camera that captures the room and conference participants in a full field of view.
- Surface Hub 2 Pen included. The precise inking experience they love from Surface, scaled to the large screen. Surface Hub 2 Pen is so responsive, it feels like ink is flowing from the pen tip.
- Surface Hub 2S is lighter and has a wider selection of ports than Samsung Flip. It has a removable processor cartridge which enables easy hardware upgrades, and it comes with the powerful Windows 10 and Office productivity software.
- Surface Hub 2S has a 4K anti-glare screen and offers a more fluid writing experience with its active Surface Pen.
- Flip's heavier screen, fewer ports, non-removable hardware, passive pen, and basic software features do not offer a comparable user experience.

Surface Hub 2S vs. Competitors

Surface Hub 2S

- 4K camera and 4K+ screen
- Reduced parallax due to fewer layers between screen and digitizer
- Small bezels
- 29% lighter than the Webex Board
- Directional mic array with long range
- Multiple types of input and output for display
- Office 365 integration with easy access to OneDrive

Competitors

- 4K UHD Screen
- Flipping options from landscape to portrait orientation available
- Whiteboard and blackboard modes available
- Can use multiple writing tools such as finger or pencil
